

# *Med Talks:*

## *Drug Development from Bench to Bedside*

- Date:** 12<sup>th</sup> December, 2017 (Tuesday)  
**Time:** 1-2 pm  
**Venue:** Seminar Room 1, 2/F, Lui Che Woo Clinical Sciences Building, PWH  
**Target audience:** All clinical and non-clinical research personnel in CUHK or NTEC  
**Fee:** Free of Charge (Light lunch will be provided)

Each new chemical entity has to go through a series of rigorous tests and studies before it can be used as a drug. Speakers from both preclinical and clinical academia will share with you an overview of the drug development process focusing on preclinical tests, formulation strategies and clinical study.
